 **Camden Composite Doors**

Welcome...

For over 25 years Camden Group has been at the forefront of technology manufacturing a comprehensive choice of quality doors, windows and conservatories. Each product range is crafted to the highest standards using tough, durable materials and advanced techniques throughout the manufacturing process.

At Camden, we know what is important to you and that is why our Composite Doors are specifically designed to suit your needs...

Safety and Security

The Camden composite door is strong and durable, ensuring your home and family are kept safe and secure

Quality

Our Camden customer promise to you ensures a top quality, secure door, finished with unique hand-crafted glass designs

Convenience

Composite Doors will require only the minimum amount of maintenance

Choice

Choose from a diverse range of colours and glazing options, allowing you to personalise your door to suit your home

Door Specification

Door Slab	Core material: CFC-free polyurethane foam. Skins: Impact resistant Glass Reinforced Plastic (GRP) external and internal skin. Please ensure you select inside and outside colours for the door slab. Colour options listed on inner page.
PVCu Frame	Camden 60mm System. All door colours will be mounted on a white frame, except cream which will be mounted on a cream frame. Door slab colours are not an exact colour match to Camden 60C coloured frames.
RAL Colours	Black: 9017 White: 9016 Cream: 9001 Red: 3013 Green: 6009 Blue: 5011 Oak: 8001 These are approximate matches to RAL colours as the paint system used is not a true RAL colour
Reinforcement	Steel Reinforcement Outerframe
Locking Mechanism	Cylinder-free locking system, ensures no cylinder snapping. Designed to meet the requirements of PAS 23/24. Lever Pad/Night Latch and Lever/Lever Locks available. Door and locking system are "Secured by Design" Certified
Handles	Lever/Lever handles will be fitted as standard. Lever/Lever handles will also be fitted to Lever/Pad Locks for leverage. To open Lever/Pad Lock from the outside, turn the key towards the door frame to open. White handles fitted on white doors as standard. Specify handle colour on coloured doors.
Hinges	White hinges as standard on white frames. For coloured frames, please choose hinge colour. Cream doors will feature chrome hinges as standard. No black hinges availalbe.
Door Furniture	Letterboxes, Knockers and Numbers available as optional extras.
Furniture Colour	Brass, chrome, black and white handles and letterboxes. Black or brass door knockers, letters and numbers,
Number of Keys	3 keys
Threshold	Standard 75mm door threshold (52mm and 62mm also available) Stormguard available as optional extra.
Glazing Cassettes	Glazing cassettes on the composite door can be replaced.
Warranty	10 year warranty. Camden Composite meets all the stringent British Standard tests compliant with Parts L and M of building regulations.
Delivery	Standard delivery times apply

Additional Notes:

- 1) Due to variations in the printing process, please refer to your Sales Representative's colour samples before choosing your door.
- 2) All images shown in this brochure are for illustration purposes only and may differ from the actual product supplied.
- 3) All glass designs are manufactured under rigorous quality controlled conditions. However, due to the handcrafted techniques used within many of the designs, the designs will occasionally produce minor imperfections and may vary slightly from the design shown within the brochure.

Camden Group reserves the right to change designs without prior notice. All specifications are correct at time of print.

- Step 5** Door Frame Colour
- Step 6** Sidelights *(if required)*
- Step 7** Door Furniture Options

Camden Composite Door...

Door Features

The Camden Composite Door is the ideal solution for homeowners seeking a thermally efficient, secure and stylish door...

- Formed from our most secure 60mm outer frame, the door will fit perfectly into any existing or new build property
- Genuine wood-effect door, available in a range of styles and colours to suit any home
- The composite door is strong, durable and long lasting; ensuring your home and family are kept safe and secure
- Composite doors will not rot or warp, unlike wooden door skins, and will require only the minimum amount of maintenance
- With excellent weather resistant properties, the door will provide protection to your home during harsh weather conditions.
- Available with an extensive range of hand-crafted glass designs to suit all tastes.

Door Hardware

The Camden Composite Door is designed to provide maximum security, and that is why we have selected only the highest quality locking mechanisms to fit to our doors.

Camden offer a range of handles and door furniture various styles and colours to co-ordinate with your door choice.

Door Materials

With today's changing climate, demand for a door that is hard-wearing, weather resistant and thermally efficient is high, and the Camden Composite Door has been designed to reflect these demands...

- The core material of the composite door is manufactured from **CFC-free polyurethane foam**, this provides outstanding levels of thermal efficiency and noise insulation.
- The door's internal and external skins are constructed from an impact-resistant **Glass Reinforced Plastic (GRP).**
- GRP is light, but has a higher strength ratio weight for weight than mild steel, making the door extremely strong and durable.

Polyurethane Foam

Colour and Glass Options

Door Colour Choice
